PROPOSED ORDER

An order of the Podiatry Affiliated Credentialing Board to amend Pod 3.01 and 3.04, relating to continuing education audits of podiatrists.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

s. 448.665, Stats.

Statutory authority:

s. 227.11 (2) (a) and 448.665, Stats.

Explanation of agency authority:

Pursuant to s. 227.11 (2) (a), Stats. the Podiatry Affiliated Credentialing Board (Board) is generally empowered by the legislature to promulgate rules that will provide guidance within the profession and rules that interpret the statutes it enforces or administers. Section 448.665, Stats., empowers the Board to, “promulgate rules establishing requirements and procedures for licensees to complete continuing education programs or courses of study in order to qualify for renewal of a license granted under this subchapter.” The proposed rule seeks to carry out this mandate by promulgating rules setting forth the time period for conducting continuing education audits and by specifying the time period for retaining documentary evidence of continuing education compliance.

Related statute or rule:

None.

Plain language analysis:

This proposed rule is focused on specifying the time period for conducting audits of licensee’s compliance with the continuing education requirement in Wis. Admin. Code § Pod 3 and specifying the time period licensees must maintain evidence of compliance. Currently, the rule requires, “any podiatrist to submit evidence to the board of his or her compliance with continuing education requirements during the preceding biennium.” Wis. Admin. Code § Pod 3.04. The rule does not state when audits are to take place or how long a licensee must maintain evidence of compliance with the continuing education requirement. This proposed rule identifies when audits of continuing education will take place and how long evidence of compliance with the required continuing education must be maintained.

SECTION 1. identifies when compliance with the continuing education requirement must be reported.

SECTION 2. identifies when audits are to take place and the amount of time in which certificates of completion of continuing education must be kept.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:

Illinois: Illinois does not set a specific time frame for conducting audits or maintaining certificates of compliance with continuing education. It is the responsibility of each licensee to maintain evidence of compliance with continuing education requirements and provide evidence of such upon request pursuant to a random audit. ILL. ADMIN. CODE tit. 68 §. 1360.70 d) 2).

Iowa: Even though Iowa defines the term “audit” in 645 IAC 225., the code is silent with regards to a specific time period for auditing continuing education compliance and maintaining evidence of compliance.

Michigan: The Department of Licensing and Regulatory Affairs, Bureau of Health Care Services conducts an audit at the conclusion of each renewal period to verify compliance with continuing education requirements. In accordance with Mich. Admin. Code r. 338.3711 (2), licensees are responsible for maintaining evidence of compliance.

Minnesota: Licensees must provide the board with proof of attendance in a continuing education program within the renewal period. The evidence must be in the form of a certificate, descriptive receipt, or affidavit. MINN. Rules 6900.0300 Subp. 4.

Summary of factual data and analytical methodologies:

The Board reviewed its rules and determined that a set time was required for auditing licensees’ compliance with continuing education requirements. No other factual data or analytical methodologies were used. The Board ensures the accuracy, integrity, objectivity and consistency of data were used in preparing the proposed rule and related analysis.
